Thorlux Light Line

Suspended direct/indirect LED luminaires

High performance LED. Available as individually suspended, end to end or continuous versions using infill sections and corner joints.

Ultra-slim-line, with excellent uniform upward light performance.

Supplied pre-wired and fully assembled, complete with suspensions, for rapid installation.

Infill sections are complete with interconnecting wiring and can contain spotlights or emergency SmartScan LED downlighters.

Applications: Offices, school, libraries.

- Direct/indirect illumination
- Individual or continuous mounting options
- Supplied fully assembled
- Supplied with easily adjustable wire suspensions

Notes: It is recommended that a maximum of 10 Light Line Continuous luminaires are connected to each 10A fused light circuit
